## **CCTV & ALARM SPECIALISTS**

At E-Tec Electrical, we design and install high-quality CCTV and alarm systems for residential, rural, and commercial properties across our region. Every system is carefully planned and professionally installed to ensure maximum coverage, reliability, and ease of operation.

We don't just install basic security systems, we provide intelligent, integrated solutions that allow you to monitor and protect your property with confidence.

Our systems are tailored to suit your layout, risk level, and budget while remaining scalable for future expansion.

## **ADVANCED SECURITY TECHNOLOGY**

We provide modern security solutions incorporating:

- High-definition and 4K CCTV systems
- AI-enabled cameras with motion detection
- Active deterrence enabled cameras
- Alarm systems with zone control
- Remote viewing and mobile notifications
- Integrated intercom and access control
- System integration with home automation platforms

## **REPUTABLE BRANDS**

We work with proven, high-performance brands that are known for reliability, quality and innovation.

Brands we commonly use (not exclusive):

- Dahua
- Inner Range
- Bosch
- Luma
- Gallagher

## OUR PROCESS

### 1. Initial Enquiry

Contact us via phone or email to discuss your property, security concerns and the type of system you're looking for.

### 2. Site Visit & Assessment

We assess your property layout, access points and existing setup to ensure the right CCTV and alarm solution is designed from the start.

### 3. System Design & Quote

You receive a clear, detailed quote outlining:

- Recommended System components
- Camera and alarm coverage
- Installation scope
- Optional upgrades and features

### 4. Professional Installation

Our qualified electricians complete the installation safely, efficiently, and to a high standard, with minimal disruption to your home or business.

### 5. After-Installation Support

We're local, accessible, and available after installation for:

- System support and advice
- Maintenance and servicing
- Future upgrades or expansions

**Call or email us today to enquire and discuss your needs.**
