OUR PROCESS

1. Initial Enquiry

Every business operates differently. We design practical electrical solutions that support productivity, safety and future growth, while ensuring compliance with current regulations. Contact us via phone or email to discuss your property, budget, and what you're looking to achieve.

2. Site Visit & Assessment

We assess your site, existing electrical systems and business requirements to ensure the right solution is designed to suit your operations and future needs.

3. Detailed Design & Quote

You receive a clear, detailed quote outlining:

- Scope of works
- Recommended solutions
- Products and fittings
- Installation timeframe

4. Professional Installation

Our qualified electricians complete the installation safely, efficiently, and to a high standard, with minimal disruption.

5. Ongoing Support

We're local, accessible, and available after installation for:

- Operation questions & support
- Maintenance & servicing
- After hours call outs

Call or email us today to enquire and discuss your needs.
